

HEAVY DUTY MAGNETS MADE IN GERMANY

WE LIKE TO LIFT YOU UP

WOKO is the leading manufacturer of **LIFTING MAGNET EQUIPMENT**. Established in 1976 in Duisburg Germany, the company joined the Swiss based Heppenstall Technology AG who specialises in the manufacture of heavy duty handling equipment. The collaboration and the resulting synergies have **STRENGTHENED WOKO MARKET POSITION** and delivered more benefits to our customers.

WOKO – EVERYTHING FROM ONE SOURCE

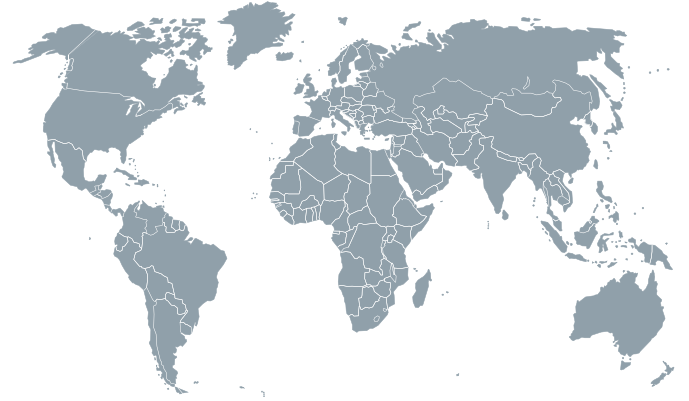

THE COMPLETE KNOW-HOW UNDER ONE ROOF

Covering the entire value-added chain, enables us to react flexibly and fast on customer needs and wishes and to make changes quickly if required.

SINCE 1976 YOUR PARTNER WITH PERSONAL SERVICE – AROUND THE WORLD, AROUND THE CLOCK

The **WOKO-TEAM** is always at your disposal. No matter whether it is a technically challenging advisory service, maintenance or complete overhaul, WOKO is available to assist. As a result of our many years of experience, innovative thinking and strong vision the WOKO-Team is able to deliver tailor-made products and long-lasting solutions to our customers.

THE HIGHEST QUALITY AND SAFETY – WITHOUT COMPROMISE

WOKO Magnets are designed and manufactured exclusively in **GERMANY**. They are distinguished by their **SUPERIOR QUALITY** and meet national and international standards (ISO, DIN, CE, UW, OSHA, etc.)

ADVANTAGES OF WOKO MAGNETS:

- High quality aluminum magnet coils
- Best filling factor due to thinnest possible insulation
- Excellent heat properties
- Optimal carry off heat
- Suitable for hot materials up to 650°C
- Optimized magnetic conductivity due to special high permeability alloy
- All high-performance magnets have an insulation class «C» – safe up to 240°C
- Designed for continuous use under harsh conditions
